

COCOA PETITION

Take the child toil from the chocolate foil

Welcome!

Cocoa Petition is a campaign aimed at seeing the worst forms of child labour eradicated from the cocoa industry. We are calling on the Australian Government to set a time limit when we will no longer accept cocoa products into Australia that have unacceptable child labour in the production process.

This is because firstly, in 2001 the cocoa industry agreed there was unacceptable child labour in the cocoa industry, and secondly, Cadbury and Nestle have shown that cocoa products can be made without unacceptable child labour.

We invite you to join us by signing the Cocoa Petition and checking out the website <http://cocoapetition.org.au> for more information.

Thanks for your support!
